

## Don't trust an imitation!

The award winning Trends™ Faux Wood is a "patent pending" process available exclusively from Plastibec. Now available in **nine** wood grain stains, color coordinated with today's most popular furniture. All with coordinating valances and bottom rails.

Our exclusive four coat finishing process provides additional UV protection and wear resistance. Why settle for less?

**NEW  
TEAK  
COLOR**

Available in 2" horizontal and 3.5" vertical louvers.

Don't be fooled by imitations! Call us for a list of distributors in your area.
